

## Scheda Documento Archivio Storico PDM

<i>Nome</i>	<i>Dati</i>
Titolo	Note di Software - 48/49
Identificativo Oggetto	RNSW_133
Edizione	Honeywell Information Systems Italia
Descrizione Oggetto	<p>Graphical interfaces, hypermedia, communications, Software technology (G. Degli Antoni)            Interacting with artificial realities (R. Polillo)            A model for artificial reality (F. Gardin)            Symmetry in Man-Machine communication (R. Grande)            Self-Observation in artificial reality (R. Pizzi)            Hypermilan (M. Bonomi, M. Logli)            The concept of Reusability in educational design (G. Olimpo)            Super-Library: an environment for the conversion of text into hypertext (F. Argentesi, N. Catenazzi)            Hyperchip: a system engineering environment with hypertext Front-End (S. Antoniazzi, M. Mastretti)            Higraphs for hypertext modelling (C.A.. Bosello, F. Vitali)            Hypernet (M. Bondi, M. Pagnucco)            A hypermedia information system to manage the activities in a research institute (M. Allegra, O. Di Giuseppe, S. Mangiaracina)            "The heart: its functioning and disfunctioning": lessons learned and open questions from a CD-ROM project (A. Campana, R. Cattaneo, P. Ghislandi)            Hypermedia secretary for document management (P. Piardi)            Visual-Symbolic integration in neuradiology (F. Bonadonna)            Research notes and communications:            - Data glove and visual art (A. Abbado) : -            From text to hypertext through metatext (A. Limongiello, F. Soresi, A. Spinelli, W. Vannini)            - Browsing in knowledge through animation: an application to the A-I.D.S. case (M. di Floriano)            - Hypermedia and blind people today (N. La Ferlita)            - A project on sounds in artificial realities (F. Gardin, Goffredo, Haus, I. Macchia, G. Molendi)</p>
Anno Edizione	Giugno - Ottobre 1990
Lingua	Italiano - Inglese
Data Inserimento Scheda	04/08/2020
Appunti - Note	Pubblicazione trimestrale
Scheda Collegata
